Rappahannock United Way And Community Leaders

Celebrate A Successful 2018 Workplace Campaign

Fredericksburg (April, 2019) – Rappahannock United Way celebrated a successful 2018 Workplace Campaign alongside representatives from Corporate Campaign Companies and Local Government Campaigns, at the Jepson Alumni Executive Center, on April 18, 2019.

GEICO presented a \$25,000 check towards The ALICE Emergency Fund. This fund provides financial assistance to cover the cost of basic needs of housing and transportation (if required for employment) for working households by providing one-time assistance to eligible applicants. Financial assistance is provided with the intent of assisting households in overcoming a financial crisis, preventing homelessness, and stabilizing housing (rent/mortgage/deposit/car repair).

Rappahannock United Way would like to thank their Corporate Campaign Companies and Local Government Campaigns for their generous and consistent contributions throughout 2018. These successful workplace campaigns helped fund grants that supported community-wide programs in Education, Healthy Living, Financial Stability and The ALICE Emergency Fund.
