

# FINANCIAL STABILITY

Rappahannock United Way's (RUW) Free Financial Coaching is a valuable tool for keeping more local ALICE® households financially stable. RUW offers free 1-on-1 financial coaching sessions and financial literacy workshops on savings, debt, budgeting, credit, and more.

In addition, RUW's Mission: Independence (M:I) is a standalone series of free financial coaching workshops for teenagers, with the goal of preparing students for the next steps after high school. M:I students learn about credit, budgeting, interviews and employment, preparing them for independence and early adulthood.

Since January, RUW's Free Financial Coaching programs have had **14 individuals** coached, **19 financial workshops** with **157 individuals** attending, and **69 students** registered for Mission: Independence.

**888 Taxpayers** filed their tax returns for **free** through **RUW's Free Tax Program**.

They collectively received **over \$600K** in tax refunds, **and over \$288K** in additional credits.

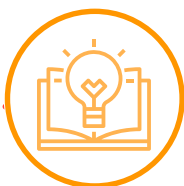

**65 individuals and families** committed to saving 10% or more of their tax refund, saving a combined total of **\$32,376**.

Even during unprecedented times, Rappahannock United Way continued to serve our community by providing free tax services.

RUW quickly adapted to the need for virtual services and organized both virtual and drop-off processes for filing taxes, with the addition of drive-up tax preparation.

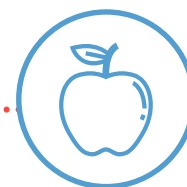

Your continued support of our ALICE community is critical. Please continue to **BE THERE** as we work to **RESPOND, RECOVER, REIMAGINE, REBUILD**. Together, we can work to build a community that is hopeful, resilient, and self-sufficient.
